Dave Pickett, President and LAO
AMA – District 36

Re: Pending Closure of Carnegie SVRA

Dear Dave and all District 36 Members,

We pledge our support as Commissioners of the California State Parks Off Highway Motor Vehicle Recreation Commission and members of D36 to do everything in our power to stop the closure of this State Park.

In the event that the park is closed by court order, we will work with Division staff and all other parties to do what is necessary to reopen the park as quickly as possible. This park is a vital part of our statewide SVRA system and its closure will cause irreparable harm to the local business community and the recreating public.

We cannot fight this battle alone. We need the united support of all District 36 members and those who care about OHV recreation to step up when asked to help us show those who filed this lawsuit that we will not be used for traction. This type of attack on our form of recreation must be met with a united front that will stand together now and in the future.

Please keep us informed of any new developments. Thank you.

Sincerely,

Eric Lueder and Kane Silverberg

Editor's Note:

Kane Silverberg was appointed to the California OHV Commission by Governor Schwarzenegger; Eric Lueder was appointed by the Senate Rules Committee. Both are serving 4-year terms as Off Highway Motor Vehicle Recreation Division Commission Members. These are non-compensated positions.
