

YOUR VOTES HAVE BROUGHT BALANCE TO AMERICA GREAT OUTDOOR INITIATIVE BLOG

Dear Recreationist,

Save The Trails, ARRA and American Landrights teamed up to post alerts recently asking people to **[VOTE for IDEAS](#)** to help ensure the President's Great Outdoor Initiative was **about keeping public lands open to all forms of recreation**, including Off Road Recreation. At the time the top rated IDEAS had mostly been about closing public lands, designating more inappropriate Wilderness Areas and National Monuments.

THAT HAS ALL CHANGED NOW DUE TO PEOPLE TAKING ACTION!!

I am very pleased to say many of you have responded, and as you can see in the sidebar [What's Hot](#) the IDEAS with the most votes now are about keeping public lands open to everyone. You can also see the ones with most NEGATIVE VOTES are about locking up more public lands.

Please go to the [site](#) and see for yourself and PLEASE **[VOTE](#)** FOR (PROMOTE) any IDEAS you think are GOOD and (DEMOTE) any IDEAS you think are BAD
