

The 2011 49er Family Enduro is officially cancelled!

Although this was not completely unexpected, this year's 49er Family Enduro is officially cancelled because the Eldorado National Forest (ENF) refuses to even consider giving us a permit. Their reason **THEY CLAIM THAT THEY DO NOT HAVE THE TIME OR RESOURCES TO COMPLETE OUR REQUEST.**

As many of you know the Polka Dots MC has been working with the ENF towards acquiring a five year permit for both the 49er and 49er Family Enduros. This process has been going on for two years now and the ENF has not even completed the Environmental Assessment, that we are paying tens of thousands of dollars for, that they deemed necessary to complete before a five year permit would be considered. Once it was clear that the five year permit would not be done in time for this year's 49er Family Enduro we submitted an application/proposal for a single event permit for this year's event, which has now been denied twice.

We are sorry, and very disappointed, that we cannot put the event on this year. Hopefully one of these days the ENF will stop denying family recreation on our public lands.
